

L' ORTO NON CE LO TOGLIEREMO PIU' DALLA TESTA

<i>Title:</i>	<i>ORTO X MILLE. A garden x thousand</i>
<i>Description of best practice:</i>	<i>This initiative manages uncultivated lands, in collaboration with experienced farmers and families who wish to have a garden for their own livelihood. Anyone who does not have the time or resources to take care of its garden personally and on daily basis can still enjoy the benefits of "adopting a farmer". With this new formula of land sharing and co-working, even in the absence of the family, the vegetable garden is constantly cultivated and productive. The ORTO x MILLE Association organizes training courses, creating a strong link between farms and families, interacting with peasants to learn and follow every seasonal growth dynamics of their own vegetable garden.</i>
<i>Promoting actor:</i>	<i>ONLUS</i>
<i>Nature of promoting actor:</i>	<i>Public</i>
